FAMILY DAY**

**MONDAY, SEPTEMBER 28, 2009**

Family Day—A Day to Eat Dinner with Your Children™ is a national movement launched by The National Center on Addiction and Substance Abuse at Columbia University. More than a decade of research has consistently found that the more often kids eat dinner with their families, the less likely they are to smoke, drink, or use drugs.

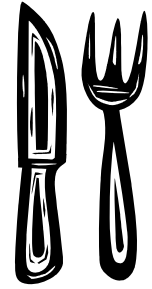

Visit [www.bbcoalition.org](http://www.bbcoalition.org) to learn more about this day.

See reverse side for area restaurants which are offering Family Day discounts on Monday, September 28, 2009!

What is the ONE thing you can do to help your children get better grades, confide in you more and *significantly* lower their risk for substance abuse?
